

P2P SERIES - FALL 2016 PRICING

*"GREAT SOUNDING AMP! BEAUTIFUL TONES, VERY FLEXIBLE, AND QUIET. FANTASTIC WORKMANSHIP ALL AROUND."
"I'M STILL DIGGING MY SPEED SHOP TWEED DELUXE!" - JOE SATRIANI*

P2P Studio-Series amplifiers are hand-built personally by Rondo and include the Speed Shop's custom A12Q AlNiCo speaker (vintage Jensen speakers are also available) and TD580T custom reproduction output transformer (vintage output transformers are also available) plus NOS signal capacitors, resistors and sockets, with a custom Mercury Magnetics power transformer. All power tubes (if tubes are ordered) are matched for current in the amplifier. All amplifiers are tested for several hours by Rondo. The P2P series represents the finest amplifier the Speed Shop offers.
